TYRE INFLATOR

About

At Sigmavizin, we believe every journey should be safe, smooth, and stress-free. Specializing in high-performance tyre inflators, we provide solutions that ensure your tyres are always ready for the road.

Our inflators are designed with precision, durability, and efficiency in mind, offering quick inflation whenever and wherever you need it. Whether you're navigating city streets, embarking on a long road trip, or exploring challenging terrains, Sigmavizin is your reliable companion.

We focus on combining innovative technology with user-friendly features, ensuring our products are compact, portable, and easy to use for everyone.

Our mission is to empower drivers with dependable tools that save time, prevent delays, and keep every journey safe.

With Sigmavizin, you're not just buying a tyre inflator—you're investing in peace of mind and the confidence to drive anywhere with complete assurance. Wherever the road takes you, we've got you covered.

TYRE INFLATOR

Model No.: SVT11

Features

- 0-150psi / 0-10 bar
- Clear HD LCD screen displays
- USB Type-C charging port
- Powerful 600-lumen emergency light
- Lightweight and portable

The SVT11 Tyre Inflator is a versatile and reliable companion for every driver, combining powerful performance with essential safety features. Its efficient inflation system quickly restores tyre pressure, ensuring you're back on the road without delays. The bright 600-lumen emergency LED light provides excellent visibility in low-light situations, enhancing roadside safety. Additionally, the built-in power bank keeps your devices charged, making it a perfect multi-functional tool for travel and emergencies. Compact, portable, and easy to use, the SVT11 is designed to handle unexpected situations with ease, giving you confidence and convenience wherever your journey takes you.

Technical Specifications
